Medication Administration Guidelines

Permission: Written permission from the parent or guardian must be on file for all medications given at school, including over-the-counter (OTC) medications. Authorization must be renewed every school year.

Medication: Only FDA approved prescription and OTC medications are allowed to be administered by school personnel. OTC medications will be given per package label dosing instructions, unless prescribed by a physician.

Container: Prescription medication brought to school must be in the original container with a current prescription label on the bottle including the child's name, doctor's name, date, medication name, dosage, and time to be given. Controlled substances must be submitted with a Medication Count Form. OTC medications provided by parent must be in the original container and labeled with the student's name.
